LOOKBOOK
2026

Eldan – for the professionals

Medical clothing and footwear made in Poland, combining quality, durability, and attention to detail. Each piece is designed to perform in demanding environments and to last for years – not just a season.

Scrubs

As basic medical uniform scrubs must be reliable. They need to support your movement, handle everyday challenges, and give you confidence at work. So you can focus on what needs to be done.

meets expectation*

Professional lab coats

A labcoat does more than protect your clothing. It keeps your essentials within reach and helps maintain a polished, professional image – exactly when you need it.

Medical shoes

You spend long hours on your feet, which makes footwear just as important as your scrubs or lab coat. Our shoes are designed for stability, durability, and all-day comfort.

Personalised for you

You give every patient personal attention –
we give the same to your workwear.
Your logo or position embroidered on the pocket
makes the finest introduction for your practice.
A discreet, durable interior print keeps clothing
from getting mixed up in a busy workplace.
Need something out of the ordinary? Write to us –
we'll work something out.

Shaping medical clothing trends
